RE: 8040 Foothill Boulevard, Sunland, CA
Proposed Home Depot

Dear Councilmember Greuel:

The No Home Depot Campaign has discovered in the course of investigation regarding their appeal that there are numerous safety problems with the construction of the Home Depot project. We at the Design Advisory Committee of the Sunland Tujunga Neighborhood Council must encourage you to look into the matter of a potentially dangerous situation.

The problems uncovered during Mr. Arnold Bookbinder's analysis cannot be ignored and must be addressed without further delay.

We agree that an immediate investigation, independent of any appeal proceedings must be opened and that the investigation would be most effective if it was initiated by your office.

This is an extremely serious matter and we appreciate your immediate attention.

Sincerely,
