RE: Demolition of Remains of Building at 8668 Foothill Blvd., Sunland

Dear Councilman Fuentes:

The fire at 8668 Foothill took place on Mother's Day 2014 and the remains of the burned out building are an eyesore on the community, surrounding businesses and residents. Demolition is long overdue.

We would appreciate your assistance in getting the Department of Building and Safety to order complete demolition of the building and its remains. We realize that the property owner can rebuild without delay.

Thank you for your assistance and we look forward to hearing back from you soon.

Sincerely,

Mark Seigel
President

Cindy Cleghorn
Chamber of Commerce Rep
