STORY MAP

Artist-in-Residence *Bia Gayotto* and *Bolton Hall Museum* invite you to participate in a series of free workshops where you will meet other local residents and share your neighborhood stories.

DESCRIPTION

You are invited to participate in STORY MAP a multigenerational project to be developed in a series of four workshops at Bolton Hall Museum during September 8, 15, 22 and 29, and a culminating party on October 16, 2016.

Bring images or objects (photographs, notes, diagrams, books, poems, drawings, paintings, letters and/or memorabilia) anything that you feel comfortable in sharing that illustrates your past, present and future views of Sunland, Tujunga, Lake View Terrace, Shadow Hills and parts of Sun Valley. During each workshop you will meet and share your stories with other community members. A large map of District 7 will be used as a template for our weekly activities where we'll pin down where your story took place.

The final project will include a large-scale map, mixing your past, present and future stories into one. A wrap up party will be organized at Bolton Hall Museum with music and refreshments when we will share the final map with the overall community. Feel free to invite your family and friends! A small version will be distributed for free encouraging the public to take self-guided tours and discover new places and facts about District 7.
