C. Discussion and Possible Action: Support for the LAFD Community Emergency Response Team (CERT) Program

The Sunland-Tujunga Neighborhood Council strongly supports the Los Angeles Fire Department's (LAFD) highly effective Community Emergency Response Team (CERT) program. This invaluable program provides community members with essential training in disaster preparedness, equipping them with the

knowledge and skills to respond effectively to emergencies such as earthquakes and other disasters. CERT-trained volunteers are uniquely prepared to assist themselves, their families, neighbors, and the broader community during critical moments, allowing the LAFD to focus their resources on the areas of highest need.

In addition to their preparedness role, CERT volunteers play a vital part in supporting the LAFD's routine and emergency responses. Some volunteers choose to advance their training further, joining specialized Call-Out Teams that provide critical support during major incidents.

This year alone, the CERT program has achieved remarkable milestones:

- **2,357 community members trained in CERT principles.**
- **2,700 participants instructed in Hands-Only CPR techniques.**
- **961 individuals trained in fire extinguisher use.**
- **940 hours of service performed by CERT Call-Out volunteers.**

These figures underscore the CERT program's profound impact on community resilience and preparedness. In the event of a city-wide emergency, the investment in CERT will prove invaluable, directly enhancing the city's ability to respond, recover, and rebuild.

Considering the ongoing risks of natural disasters and other emergencies, the Sunland-Tujunga Neighborhood Council urges city leaders to prioritize and continue funding the LAFD CERT program. This continued support will ensure the sustainability of this critical initiative, safeguarding the well-being and resilience of Los Angeles communities for years to come.
