4. Report on Finance 101 Town Hall.

Excellent presentation, now part of Life Skills videos. Need to focus on better ways to get information to the public and organize the STNC website to ensure more attendance at events. Perhaps in a year or so, Ed could present again when we have a better track record of getting information out to the public and more attendance.

5. Report on Fentanyl Town Hall.

42 people in attendance; about 8 were presenters. Well organized, although there was excessive footage from the County video that could be deleted (not related to Fentanyl). When edited, we should send to community organizations, churches, schools, etc. for their use. Would be good to have separate videos – focused both on the more senior audience and the youth; two different audiences. Also, can coordinated with Outreach Committee to ensure both committee’s interests are included.

6. List out

a) **Successful Actions.** Fentanyl Town Hall organized and good information.

b) **Things to improve.** Outreach to community (including local schools) for Town Halls and other events; coordination with other committees.

7. Working plan for Emergency Health and Safety Fair in November.

a) Plans reviewed for November 19th event with assignments made for responsibilities. Lallah sent the assignment sheet out with names tagged about who will do what to members of the YAEC.
